

WESTWIND KINDERGARTEN

Happy First day at School!

My First Day at School !!

See me walk

See me run

It's my first day at school full of fun.

See me smile

See me laugh Goes up, till the sky my happiness graph.

There's no better feeling for our Kindergarteners than walking into the classroom on the first day of school with a beaming smile on their faces. The children were delighted to experience the new environment and make new friends. Our teachers & staff ensured that every child was made to feel nurtured, loved and safe in the conducive environment. The children got to play, draw, colour, sing songs and do many other activities together. They were also delighted to pose for the photographs at the special selfie corners! The young learners played various other interesting games, listened to stories and also got to know one another. Here's to many more such Fabulous,

Happening Days Together !!!

Butterfly Day

The butterfly is a flying flower, The flower a tethered butterfly. Our little toddlers of LKG enjoyed celebrating butterfly day . Just like butterfly has wings our little toddlers gave wings to their imagination Children coloured butterfly beautifully with different colours and show cased their creativity. It also developed their fine motor skills. The story of a butterfly made them very excited as they were surprised to know how an crawling Caterpillar transforms in flying butterfly .This developed their listening skills and observation. It also helped them to learn about numbers and development of vocabulary . They had a very good time by singing butterfly rhyme. FLAP FLAP FLAP The day was well spent playing, laughing and being together.

LET SOLVE

Colours of happiness and joy are the most beautiful colours of life! □ Puzzle activities makes learning fun for kids. Our tiny tots of LKG performed a fun filled activity in which they sorted the puzzles according to their shapes , numbers and colours. They counted the number 1 □ 2 □ 3 □ 4 □ 5 □ of blocks and placed them correctly. This activity helped children develop visual sensory skills through recognition of colour, shape, number, as well as fine motor skills.

Tell A Tale Day

No one is too old for Stories On our TELL A TALE Day UKG teachers narrated a story "The Cap Seller and The Monkeys" to our curious listeners. Later on, our tiny tots did the enactment of this story followed by a craft activity. Stories play a vital role in the growth and development of the children. They are also a great way to introduce new words and ideas into a child's language as it boosts listening and speaking skills. The great thing about learning through stories is that the process is done in a natural way and craft activity too. Indeed, it was an immense pleasure to watch our little ones delving deep into the inseparable part of the learning process, communication and social interactions. .

STORY TIME

It's not magic that takes us to another world, it's Storytelling! Story Narration One of the most famous stories The ant and the grasshopper was narrated to the little ones of L.K.G using hand puppets and cut-outs which constituted an interesting part of the activity. The little wonders were delighted to know that they can learn so many good things from the characters of the story like the lazy grasshopper or the hardworking ant . The take aways from the story , were the life skills like to work hard and to help others, which they are sure to incorporate in their lives. The tiny tots enjoyed being transported in a different world while listening to the story. It was indeed a fun filled session as they recalled different objects and animals. It helped them in developing dramatic and listening skills

ENGLISH LANGUAGE DAY

ENGLISH LANGUAGE DAY Teach English, Read English, or Learn English. 23rd April is not just the birthday of William Shakespeare, but it is also a day of language. With a firm belief in ' Knowledge of a language is a doorway to wisdom" ,the little ones of Westwind Kindergarten celebrated English Language Day with fun and fervour. Multiple activities related to the language like - Language Parade Introduction of letters and their sounds -Vowels and CVC words, Poem Recitation - were held on the day. The celebration was both fun-filled and informative due to active participation and interaction between lively students and accomplished teachers. The objective of the school was to foster the idea that, " Language shapes the way we think and determines what we can think about "

FUN TIME WITH NUMBERS

The only way to learn mathematics is to do mathematics. A number game (123) was conducted for Grade 1 students at Bal Bhawan school. The game was designed to enhance the students' numeracy skills improve their ability to recognize and read number and number names and reinforce their understanding of basic mathematical concepts. Their eye hand coordination and gross motor skills were developed by throwing the ball through the rings. The students showed great enthusiasm and excitement during the game and they actively participated in the activity.

A child's first day handprint activity in Nursery is a special memory that he/she will always cherish. It marks the beginning of a child's journey into learning skills as well as socialization with their peers. Our little toddlers of Nursery enjoyed hand-printing activity at school on 5th of April 2023. They dipped their hands in various colourful paints and imprinted their palms on a chart paper.

WORLD HEALTH DAY

Health is the only wealth that we all want to earn it.

WORLD HEALTH DAY is celebrated every year on 7th April to emphasize the need to lead a healthy and fulfilling life. Little toddlers of WESTWIND KINDERGARTEN were sensitized to remain healthy by eating nutritious food, fruits and vegetables. They learnt all about how to, brush teeth properly, Eating healthy food. cleanliness and hygiene.

Observe & Learn Activity

As a child, we learn what we see. Our tiny tot, are observing and learning through visualisation from the moment they are born. When it comes to teaching our little wonders about opposites and mathematical ideas, the first place we start is by teaching them the difference between large and small. Among the various activities conducted to explain the concept was a very unique classroom activity where our Nursery kids printed leaves of different sizes, that helped them understand the sizes big and small in a clearer manner. They understood the concept well and also learned how to differentiate between objects by using their sense organs. They enjoyed doing this activity with an artist's approach which involved a lot of creativity and some problem solving skills, too!!

Dicey Numbers activity

Numbers are cool Little munchkins of LKG were overjoyed performing Dicey Numbers activity in which they made use of a big dice . With great pleasure they counted the numbers 8 9 in sequence and then did a lot of jumping activity. This activity enhanced counting skills, numeracy skills and gross motor skills too ! It was full of surprise moments. The kids were very curious as they guessed and predicted numbers they were going to get. It was a joyful activity for our future Mathematicians .

All About Me Activity

'Let's bloom together'

Look in the mirror ,
what do you see

It's someone special

Look it's me....

"Knowing yourself is the beginning of all wisdom". Starting a new school year with an 'All About Me' project is a popular learning strategy. It helps children to explore different aspects of themselves in a fun way and embrace themselves for who they are. Our toddlers of Nursery performed 'Let's bloom together' activity on 18th April 2023. The apt use of their individual photographs was instrumental in knowing each other. This activity helped students to gain confidence, create a classroom community and develop positive relationships amongst themselves. They were delighted while doing the activity.

Body Bingo Activity

Kids learn best when they don't know that they are learning. That is why it makes sense to use fun, age appropriate games and activities to create awareness of body parts and to build their vocabulary. This is our first step towards the knowledge of body parts. Our munchkins of nursery performed " BODY BINGO ACTIVITY. In this activity they made use of different cut outs of body parts. It helped them develop a sense of body awareness. The activity was held under the guidance of nursery teachers. Children participated eagerly and were overjoyed while doing this activity. It helped them acquire skills while doing gross and fine motor skills activities too.

Sense Booth Activity

Eyes , ears , nose , tongue and skin are specialized organs called Sense Organs that help to perceive the world around us. These Sense organs are an integral part of our lives and it is the only way that enables us to perceive the environment. To understand these organs and the senses that they provide Grade -1 had organised sensory booth activity for the young minds . . Students explored different booths that gave them the thrill of hearing, smelling, tasting, feeling and looking different objects .. The activity amazed the kids as well as left a great impact on their young minds ..

Sense Booth Activity

Hands on activities give children a chance to practice what they are learning. Sense stimulation is the best way of enhancing a learning experience and is the true spirit of providing hands-on learning experiences to children. 'Sense Booth Activity' was organized on 15th April'23 for the children of UKG. The set up incorporated activities to stimulate all the five senses, which are Sense of Sight, Sense of Smell, Sense of Hearing, Sense of Taste and Sense of Touch, where children got an opportunity to play, learn and discover in a way that is exciting, hands-on and developmentally appropriate! They enriched themselves by observing different displays using their different senses. They saw a variety of visual aids. This hands-on experience was made easier than ever because each booth was packed with props gave learners an opportunity for concrete learning of each sense organ.

Tear & Paste Activity

Suzy Circle Big and round

All I do is Roll around! Which is the one shape that is different from all the others?

The circle!

A circle is not only an interesting shape but also extraordinary. Introducing children to shapes, especially circles, can be quite exciting and delightful at the same time. Our little munchkins of Westwind Kindergarten did tear and paste activity to learn the shape circle. . This simple activity helped children develop skills like, hand strength, hand-eye coordination, precision and refined movements. It was apt to generate interest in them. Our Nursery kids were very happy and enjoyed doing the activity to the fullest.

Penguin Day Activity

Let's Huddle and Waddle with Webby Toes.

The little ones of Westwind Kindergarten celebrated World Penguin Day on 25th April'23 , to raise awareness about the conservation and protection of penguins and their habitats. Our little ones were elated and awestruck to see these flightless birds that were put up by the teachers . The kids participated in colouring, tearing & pasting and various other activities during the day. World Penguin Day is a day to appreciate and learn more about these unique and adorable creatures that are loved by people all over the world. The students enjoyed the different related activities and were super happy to know more about the penguins. The awareness day ended with children waddling and swaying to a penguin dance.

Penguin Day Activity

Yellow is the perceived colour of sunshine. It is associated with joy, happiness, intellect and energy with an objective to recapitulate and reinforce the effects of yellow colour, Yellow Day & Summer Break Party was organised for the children of Westwind Kindergarten on 28th April'23 i.e Friday. Cheerful Children attired in yellow outfits were sparkling with optimism, enlightenment and happiness. They wore caps, hats and donned cool sunglasses. They brought edible food items of yellow colour such as bananas, jelly, poha, sweet corn, dhoklas, mangoes, pineapple slices and juices of yellow colour. To make the day enjoyable and joyful, there was dance performance where the little ones participated enthusiastically and rocked the stage. They also enjoyed various fun-filled arts & craft activities.

HAPPY
YELLOW DAY
